

BAGO

4-wheel rollator

Key features & benefits:

- BAGO is a 4-wheel rollator designed to support users with restricted walking ability and provide stable mobility for both indoor and outdoor use.
- Maximum safe load of 130 kg with a fully assembled product weight of 9.9 kg.
- Height-adjustable handles provide an overall height range of 78 - 97 cm, allowing the rollator to be adapted to different users and promote a comfortable walking position.
- Integrated hand-operated brakes provide controlled slowing during walking, while the locking parking brakes secure the rollator when stopping or using the seat.
- Built-in seat at 61 cm height provides a convenient resting place when required; parking brakes must be engaged before sitting.
- Foldable frame enables easier handling, transport and storage when the rollator is not in use.
- Supplied with a metal basket and plastic tray for carrying personal belongings and everyday items.
- Casters and a corrosion-protected frame are designed for reliable everyday use; materials and components are stated to be REACH compliant.

Product attributes:

For assisted mobility

For nursing

Outdoor & indoor use

Steel frame

Color range:

Grey
